Dear Sirs

**Patents Act 1977: Search Report under Section 17(5)**

I enclose two copies of my search report and a copy of the citations.

**Conciseness**

Your application fails to comply with Section 14(5)(b) of the Act with regard to conciseness. The excessive number of independent claims obscures the scope of the protection being sought.

**Plurality of invention**

I consider that there is a *prima facie* case for plurality, however as a consequence of the above conciseness objection, I am deferring the identification of the separate inventions at this time. My report therefore only relates to claim 1 and claims appendant thereto. If you want any of the other inventions searched, you should file a separate Patents Form 9/77 for each independent claim.

**Publication**

I estimate that, provided you have met all formal requirements, preparations for publication of your application will be completed soon after **25 February 2003**. You will then receive a letter informing you of completion and telling you the publication number and date of publication.

Yours faithfully
